To: Board of Directors
From: Alan E. Clanin, General Manager
Date: October 16, 2020
Subject: Vehicle Replacement

We have received a proposal from Fairview Ford and Moss Brothers Dodge for a 2021, gasoline engine powered, 4x4, 1/2 ton truck with a service body to replace an aging 2001 Ford F150 service truck.

Background:

The District currently has an aging 2001 Ford F150 gasoline powered service truck. The vehicle is at an age where it may begin to require expensive repairs. Field Supervisor Steve Wood has selected the truck to be replaced based on physical condition, previous mechanical issues and future anticipated repair and running cost. The Board has approved the replacement of the truck during the 2020-2021 fiscal year.

Proposals for New Vehicles:

Field Supervisor Steve Wood prepared specifications for a new replacement vehicle and service body. Requests for quotes were sent to Fairview Ford, Crest Chevrolet and Moss Bros Dodge Fleet Sales. Crest Chevrolet did not respond to our request for quote. Attached are copies of the specifications for your information.

The quotes received is as follows:

Fairview Ford

2021, Ford F150 Super Cab with a Gasoline Powered 3.5 L V6, 4X4, XL Trim, with Utility Body
\$44,184.10

Moss Brothers Dodge

2021, Dodge 1500 Tradesman Quad Cab with a Gasoline Powered 3.6 L V6, 4X4 with Utility Body
\$44,842.28

The above prices include sales tax.

Recommendation:

Fairview Ford and Pacific Truck Equipment has consistently been the low price for our vehicles over the years and will honor the quote price through 2021. It is my recommendation to accept the quote from Fairview Ford and proceed with the purchase of this vehicle.

Total cost \$ 44,184.10

The District has \$40,000 in the 2021-2020 fiscal year budget for this vehicle replacement.

Providing our community with a reliable water system that delivers high quality water for its health and safety needs.
