

## *Memo*

---

To: Board of Directors  
From: Staff  
Date: October 29, 2025  
Subject: Declare Gehl Paver and Trailer as Surplus Equipment

We have a Gehl Paver and trailer we would like to declare as surplus equipment. This paver is seldom used within the District. We have an additional trailer that works better for our needs.

We would like to trade this piece of equipment for the work to be performed on the Brookside Tank Road. Bonafide Earthworks, who is completing the shoring and paving, is interested in this trade. The cost to pave portions of the Brookside Tank Road is \$16,800.

We would like to surplus this equipment to offset the cost of work being performed.

It is staff recommendation to declare the Gehl Paver and Trailer as surplus equipment.
