

RESOLUTION NO. 437

**RESOLUTION OF THE BOARD OF DIRECTORS OF
CRESTLINE VILLAGE WATER DISTRICT CHANGING
THE EXISTING PHASE OF WATER CONSERVATION
UNDER THE DISTRICT'S WATER CONSERVATION
PROGRAM**

WHEREAS, the Board of Directors of Crestline Village Water District adopted Ordinance No. 29 on February 21, 1991, which Ordinance established the District's Water Conservation Program; and

WHEREAS, the District Board of Directors adopted Ordinance No. 30 on August 27, 1992, which ordinance modified the basic monthly allocations of water for the water conservation phases set forth in Ordinance No. 29; and

WHEREAS, the District Board of Directors adopted Ordinance No. 32 on November 17, 1998, which ordinance established the Administrative Code of Crestline Village Water District and placed the Water Conservation Program in Section 3.3 of the Administrative Code; and

WHEREAS, the District Board of Directors adopted Ordinance No. 35 on August 19, 2014, which ordinance modified Section 3.3 of the Administrative Code; and

WHEREAS, pursuant to Section 4 of Ordinance No. 29, the District Board of Directors may, by resolution, order a change in the existing phase of water conservation; and

WHEREAS, the District is presently operating under Phase I.a, requiring a general reduction in water use within the District; and

WHEREAS, based on the recommendation and report of District staff, the projected supply and demand for water throughout the District is such that Phase I provides for more appropriate conservation of water within the District;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Crestline Village Water District as follows:

Section 1. Based on the report and recommendation of the District Staff, the projected water supply and demand for water in the District is such that water conservation efforts as provided in Phase I of the District's Water Conservation Program implemented pursuant to Ordinance No. 29, as modified by Ordinance No. 30 and No. 35, are sufficient to encourage the conservation of water within the District's service area.

Section 2. Effective immediately, the conservation phase of the District's Water Conservation Program shall be changed from Phase I.a to Phase I.

Section 3. This Board finds and determines that reduction to Phase I is exempt

from the requirements of the California Environmental Quality Act because it can be seen with certainty that there is no possibility that this activity may have a significant effect on the environment and the decision relates only to ongoing operation of District facilities.

Section 4. In accordance with Section 4 of Ordinance No. 29, within 10 days after the adoption date of this Resolution, the Secretary of the District shall publish the effective date of this phase change once in a newspaper and shall mail notice of the phase change to all property owners and customers of record.

ADOPTED, SIGNED and APPROVED this 16th day of May, 2017.

President, Crestline Village Water District

ATTEST:

Secretary, Crestline Village Water District

PUBLIC NOTICE
NOTICE OF CHANGE IN THE EXISTING STAGE OF
WATER CONSERVATION UNDER THE CRESTLINE
VILLAGE WATER DISTRICT'S WATER CONSERVATION
PROGRAM

Effective as of May 16, 2017, the Board of Directors of Crestline Village Water District adopted Resolution No. 437 and, thereby, changed the existing phase of water conservation under the District's Water Conservation Program. The District was operating under Phase I.a, requiring a general reduction in water use. Pursuant to Resolution No. 437, the District will be operating under Phase I with a basic allocation of 1300 cubic feet of water per month.

May 16, 2017

Karl B. Drew, Secretary, Board of Directors
CRESTLINE VILLAGE WATER DISTRICT
